DIRECTIONS:

Print the desired set(s) of cards (pictures with words, pictures only, or words only), cut on the dotted lines, then your cards are ready to use!

WAYS TO PLAY:

Matching–Lay out one set of cards face up. Complete the pairs by placing the matching card on top.

Memory–Place the cards face down, mix them up, then set them up in rows. Take turns turning over 2 cards at a time. If they match, take the cards. If they do not match, put the cards back and the next player takes a turn. Play until all of the pairs have been found.
